CHARITIES BOARD WOULD SUSPEND

Among the most important of the rec ommendations contained in the annual report of the Board of Charities, submitted to the Commissioners yesterday, is that a law be passed authorizing the judges of the Police Court to suspend sentence in the case of first offenders, who are now committed to the workhouse. This, it is said, would do away workhouse a number of accidental offenders who would thus avoid the stigma of prison and the contamination likely to result from association with habitual violators of the law.

First offenders, says the report, could frequently be placed upon probation, and it is recommended that this subject receive consideration in connection with the establishment of a general system of probation for adults, concerning which legislation will probably be asked in the near future.

More Go to Workhouse.

The total number of prisoners' con mitments to the workhouse during the year was 5,118, as compared with 4,949 the preceding year. The daily average of prisoners at the institution was 373, as compared with 333 the prévious year. In reference to the crowded condi-

tion of the workhouse the report says: The second wing of the workhouse for males was completed a few months ago, and is now occupied. The total number of cells now available in the two wings is 334, twelve of which are ecial cells set apart, either as punishment cells or for purposes of isola-tion, leaving 322 cells regularly available for housing prisoners. On several occasions during the last year the number of prisoners exceeded this total number of cells, and the number would have been still greater but for the fact that the workhouse was so congested it was deemed necessary by the super ntendent to advise the judges of the Police Court of the conditions.

'In view of the congested condition as above set forth, we urgently renew our recommendation that an additional ving be erected at the workhouse for males, and have submitted an estimate of \$110,000 for the purpose."

Money Expended on Rich.

connection with private hospitals the report says that although Congress in the last six years has appropriated over half a million dollars for the erection of new buildings, and the reconstruction of old buildings that practically no increase in the number of resulted. By far the greater part of the money has been expended, it is stated, in providing administration buildings, magnificent operating rooms, and luxurious accommodations for private patients

"It is the policy of the board," says the report, "In no way to interfere with the usefulness of existing private hospitals. When, however, the natural nw. growth of the city demands increased GIRL for general housework; refer accommodations for the treatment of Grant place nw.

Wants Wards for Insane.

The board emphasizes its recommendation that provision be made at an early date for suitable wards for the dren all insane patients, and will next year GIRLS—Several for shop work. urge an appropriation of \$100,000 for this 1219 F st. nw. purpose. Concerning this the report GIRL for general h

"Insane persons are patients in every sense of the term, and recourse to the bolice station, or their detention in or near penal institutions is neither humane nor justifiable. A number of cities of about the size of Washington, both in this country and abroad, have long since provided suitable pavilions known as psychopathic wards for the reception of all insane persons. It has been found that fully 25 per cent ot all such cases have permanently recovered, and have been spared the stigma of a formal commitment to an insane asylum."

Attention is called to the "non-support" law, which provides that men who neglect to provide for their families when able to do so may be committed to hard labor at the workhouse. Fifty cents a day is paid to the families of the men thus committed, and as there was but \$200 appropriated for this purpose last year, a deficit of \$400 was created. The board recommends an appropriation of \$2,400 for the coming year.

The boards regards as the most pressing need in hospital work at present the care, and treatment of deather.

WAITRESS—White waitress; call on Most

now cared for in buildings on the Washington Asylum grounds.

Satisfactory progress, it is stated, has and equip will cost \$100,000. The institution will accommodate 120 patients, sixty advanced and sixty incipient cases.

The daily average number of boys at the Boys' Reform School during the year was 248, of which number 129 were from the District.

The daily average number of investors.

HELP WANTED—MALL.

The daily average number of inmates t the Reform School for Girls was the Reighty-three.

The Board of Charities consists of John Joy Edson, president; Charles P. Neill, vice president; George M. Kober, Myer Cohen, and George M. Lightfoot. The secretary is George S. Wilson.
